

Injured participant or parents of injured participant (if a minor) will need to complete the [USA Rugby Incident report located here](#).

Once the incident report is complete, email the report to USA Rugby at [usarugbyclaims@usi.com](mailto:usarugbyclaims@usi.com). **No bills can be processed by CHP Insurance until a completed incident report has been sent to USA Rugby.**

You must file a claim with your family health insurance prior to filing anything under this policy. Please be sure to supply your medical provider your family health insurance information as primary coverage and the USA Rugby Insurance program information as secondary. If you do not have family health insurance, the USA Rugby/CHP Insurance program would be your primary insurance and the medical providers should be provided with the CHP mailing provided after a completed incident report.

Please know that if you do not have family health insurance making USA Rugby/CHP Primary coverage and your medical treatment is not an emergency, please complete a medical approval form before the following treatments: Surgeries, MRI's and CT Scans.

For those with additional questions, additional information can be found regarding the [summary of coverage](#) and [frequently asked questions](#).

For additional questions, please contact [insurance@usarugby.org](mailto:insurance@usarugby.org) or 303-539-0300.
