

There are a few reasons why your account might be suspended by USA Rugby. Any suspended account should have an accompanying message as to why the account was suspended.

The most common of these reasons is that any member traveling overseas to play rugby has to file for [international clearances](#) from their home union in order to join their new union. When a player leaves the USA union, we would suspend their membership until they complete the international paperwork to return to our union.

George Washington Aigroup - (Member ID: 2315557)

 (✓ = This is the isCurrent membership for this member.)

Additional reasons as to why an account maybe suspended can be for the owning of dues to a club or region, a result of a disciplinary action, or a failed background screening.

If your account is suspended, please contact USA Rugby as to how to regain good standing.
