

2021-22 ELIGIBILITY REGULATIONS

The following rationale and principles apply to USA Rugby Eligibility Regulations:

1. To provide fair and equitable standards of eligibility throughout the season for all matches leading to and including the USA Rugby National Championships.
2. To provide minimum eligibility and registration standards for all matches, which helps ensure safety and liability insurance coverage.
3. To promote appropriate player movement within a Club.
4. To facilitate appropriate Competitions for all ages and ability levels.
5. The Senior Club Executive Committee is responsible for establishing the structure of USA Rugby Senior Club Championship Events, along with Competition and Eligibility Regulations.
6. The Senior Club Competitions and Eligibility Committees are responsible for establishing the structure that determine how clubs may qualify to participate in the USA Rugby Senior Club Championship Events.
7. Additional participation opportunities outside of USA Rugby National Championship Series channels is encouraged.
8. Each member Club and all members of USA Rugby (i.e., player, coach, manager, referee, medical support staff, administrator or official) shall be familiar with, and comply with, all applicable USA Rugby Eligibility Regulations as set forth herein in the conduct of its/their rugby program.
9. A member Club and its players must monitor its/their own compliance with all Eligibility Regulations and report to the Approved Governing Body instances in which compliance has failed, whether intentionally or not.
10. In instances of known or suspected non-compliance, a member Club shall take immediate corrective action, including notification of the appropriate administrative authorities.
11. Interpretation ambiguities and waiver allowances are solely the responsibilities of the Senior Club Eligibility Committee and any appeal board sanctioned by USA Rugby, per USA Rugby rules, practices and procedures.
12. No member Club or player is permitted to advance its/their own interpretation to its advantage or to the detriment of an opponent. It is the responsibility of a member Club or player to seek resolution of an ambiguity where ambiguity arises and would be reasonably recognized as such by another reviewing the situation. Official Interpretations are the sole purview of the Senior Club Eligibility Committee and any appeal board sanctioned by the USA Rugby.
13. A player or member Club found to not be in compliance with the Eligibility Regulations established herein or which is found to have violated the Senior Club Eligibility Regulations shall be subject to such disciplinary and corrective actions as provided under USA Rugby rules. All member Clubs and players must adhere to the process provided.
14. Spirit of the Rules (World Rugby Charter) - Rugby owes much of its appeal to the fact that it is played both to the letter and within the spirit of the laws. The responsibility for ensuring that this happens lies not with one individual, it involves coaches, captains, players, and referees. It is through discipline, control, and mutual respect that the spirit of the game flourishes, and in the context of a game as physically challenging as rugby, these are the qualities which forge the fellowship and sense of fair play so essential to the game's ongoing success and survival.

3.5.1. Women's Premier League (2021-22).

The intent of this Regulation is to control the movement of players from the WPL to Lower Division sides. WPL clubs must verify the timestamp in CMS with respect to Match substitutions. Further, the WPL shall post the running time sheet and player on/off forms signed by both clubs and the Match Recorder, which will, along with match video, confirm eligibility of players for the club's lower division.

These guidelines apply to all clubs for the full schedule, leading to and including all matches played on the Championship weekend.

NOTE: WPL clubs fielding teams that compete in Divisions 1 and/or 2 must review the WPL Regulations for further player eligibility guidelines.

a. WPL Club fielding a team in Division 1. (25% = 20 minutes)

- ii. A player who starts in 3 or more WPL matches will no longer be eligible to play for that club's Lower Division side.
- iii. A player who plays in 4 or more WPL matches, with a cumulative total playing time exceeding 25% of the total available minutes of rugby in those WPL matches, will no longer be eligible to play for that club's Lower Division side.

*Example: A player is listed as a replacement for six WPL matches and plays in five of those games for a total of 110 minutes. This exceeds the permissible limit (25% x 5 matches/400 total available minutes) This player is not eligible to play for the **Division 1** side.*

b. WPL Club fielding a team in Division 2. (15% = 12 minutes)

- i. A player who starts in 3 or more WPL matches will no longer be eligible to play for that club's Lower Division side.
- ii. A player who plays in 4 or more WPL matches, with a cumulative total playing time exceeding 15% of the total available minutes of rugby in those WPL matches, will no longer be eligible to play for that club's Lower Division side.

*Example: A player is listed as a replacement for six WPL matches and plays in five of those games for a total of 75 minutes. This exceeds the permissible limit (15% x 5 matches/400 total available minutes) This player is not eligible to play for the **Division 2** side.*

3.6 Recognized Cup and Friendly Matches.

Approved Governing Body/match organizer approved Cup Tournament and Friendly matches (Midwest Thunderbird) may count as Qualifying Matches under the following circumstances:

- a. The Approved Governing Body/match organizer has/have submitted written support to the Senior Club Competitions Committee for the match(es) to count as a National Championship Qualifier(s); and
- b. All matches are entered into the CMS no later than 48 hours after each Match has concluded; and
- c. The player(s) have registered to the club prior to the deadline (See Section 3.4-(a)).
- d. The home Approved Governing Body/match organizer of the affected club or clubs, as well as the senior Club Eligibility Committee, have the right to review individual players seeking participation credit toward the USA Rugby match participation minimum requirement (Section 3.4-(d)).

No player has an automatic right to count Cup Tournament and Friendly matches towards their minimum National Championship Qualifying Match participation requirement.

If a club or individual is suspected of bad-faith action, the Cup Tournament and Friendly match(es) may not count toward that club or individual's minimum match participation requirements.

3.7. Professional Rugby.

These Regulations aim to provide a balance between (a) needed flexibility for developmental and/or prospective Professional Rugby players to continue to get match-time experience with local amateur teams, and (b) the protection of fair competition within the USA Rugby Senior Club game. Understanding that certain players may move up from local amateur teams to Professional Rugby at any given point in the season, these Regulations intend to provide a mechanism, with limitations, as to player movement between amateur and Professional Rugby.

a. Rugby-related Transfer.

A request to transfer to a new senior club on this basis will be considered for Professional Rugby (e.g. MLR) participation only. Players must request a waiver from USA Rugby and include the following documentation:

- i. Documentation of relocation for employment with a Professional Rugby team or participation in an Academy formally affiliated with a Professional Rugby Team; and
- ii. Dated document(s) verifying reason for relocation (contract and/or offer of employment including terms of employment, start or report date in the new location); and,
- iii. Release from original Club; and,
- iv. Confirmation supplied by the Approved Governing Body of no outstanding disciplinary or financial issues.

All transfer requests must be initiated with USA Rugby prior to the player registration deadline (Section 3.4-(a)).

Transfer requests which USA Rugby can confirm were submitted prior to the deadline, even if not completed, will be considered initiated by the deadline but must still be approved by the Senior Club Eligibility Committee.
