

High Performance Operations - Intern

Spring/Fall Semester – USA Rugby (Glendale, CO)

Reports to: General Manager - High Performance Pathways

[APPLICATION LINK](#)

Term: January 1st 2021- July 31st 2021; January 1st 2021-December 31 2021

- This is a full-time, unpaid internship at 40 hours per week.

Overview:

- The successful candidate will be working within the Pathways department to help with overall and specific management of USA Rugby Junior National Teams and Pathways projects; the player pool and staff within these programs.

Responsibilities:

- Assist in the General Manager in the planning, execution, and review of USA Rugby Pathways assemblies and competitions
- Work closely with the General Manager to maintain consistent and open lines of communication with staff, players, parents, vendors, and others
- Assist in the collection, maintenance, and analysis of information relevant to the USA Rugby Pathways programs.
- Assist in the other areas of USA Rugby High Performance as required

Benefits to the Intern:

- Work alongside professional international sports management staff
- Build relationships within the national and international sporting community
- Develop a working understanding of the rewards and challenges of sports management

Note: When applying for the job online, you will be required to answer the following:

- Are you willing to work in / relocate to the Glendale, CO area at your own expense if hired?
- Do you have any prior rugby experience?

- Any other qualifying experiences, skills, or dispositions you may have that prepared you for success in this role?
