

Talent ID Camps Registration Instructions

If you are currently or have previously been registered with USA Rugby:

1. Go to <https://hiper.usa.rugby/>
2. Log in using your email* and password**
3. Once logged in, if prompted, verify, update and save your profile before continuing
4. Select the **Camp** tab
5. Find the appropriate camp location and age group (only camps for your age group will be listed)
6. Click and follow the prompts to register

*If you cannot remember the email with which you registered, click “Forgot Account Email” along the top menu and follow the instructions

** If you cannot remember the password with which you registered, click “Request New Password” along the top menu and follow the instructions

If you have never been registered with USA Rugby and need an account to register, email Brendan Keane at bkeane@usa.rugby and provide your full name, email address, and date of birth so an account can be created for you.

Due to covid protocols, there are a limited number of places for each age group at each camp location (50), so please be sure to register your interest early – registration is first come, first serve. If you are accepted into the camp you will receive further instructions on the next steps to take to complete your registration. If you are outside the initial 50 registrants you will be put on a waitlist and notified if someone else ahead of you pulls out. Please be prompt in your responses to any emails or other communications or we will move on to the next available participant.
